New England Audit Company

Springfield Worcester Boston

¶ "You can bank upon New England Audit Company reports," figuratively and literally.

¶ This is the reputation that I set out to make when I began the practice of accountancy fifteen years ago and our clients, and the bankers in New York, Boston, Worcester, Springfield and elsewhere will verify the accuracy of my first statement.

¶ The heads of our accountancy department, including managers of branch offices, are Certified Public Accountants of large experience.

¶ The head of our engineering department is a graduate of Massachusetts Institute of Technology, a member of the American Society of Mechanical Engineers, and the most capable efficiency engineer I have met. His department looks after all matters pertaining to factory organization, cost systems, factory investigations, plant tests, etc.

¶ We have a permanent staff of approximately twenty accountants, engineers and assistants, and our clients are widely distributed--from Canada to Alabama and from Massachusetts to Colorado.

¶ Personally, during the past three years, I have given my attention almost exclusively to the larger problems involved in determining administrative and financial policies and to matters pertaining to reorganizations and shall be glad to give the names of clients that I have served. A wide acquaintance with leading financiers in New York is a distinct advantage to me and to my clients in this connection.

is growing in favor, as a short audit and small charge each month enable a firm or individual to have the previous month's transactions examined and verified. Errors and corrections are then brought to attention near the date of the transaction

The Pictures Tell Our Story

THE upper cut shows an old model machine, ungraceful in appearance, out-of-date in finish, a car that has served its time.

The lower cut shows the same car after a short stay at our plant. It looks like a different car, and it is. The old body has been changed to a 1913 fore-door design. Equipped with a new radiator, windshield, lamps, and our rivetless guards, this car bids fair to compare with any 1913 machine on the market.

Many automobiles bought a few years ago run as smoothly to-day as ever; perfect from a mechanical standpoint, but sadly out of style in appearance. Our service should interest the owners of such cars. What the accompanying illustrations show we have done for one owner, we can do for you. We will take your old car and change the body to the latest design and do it all within a reasonable charge. We also make a specialty of high grade painting.

Call at our plant or write us for estimates

THE City Directory is the History of your commercial career. Will you write it large—or just come in as information?

The Personal Letter

= The Business Getter =

THE idea is as old as writing itself, so we know that the fundamental principle is correct.

What we have done is to modernize it, bring it down to date, ready to be used by live business men everywhere.

The personal letter as a business-getter is recognized by men who know whereof they speak, as one of the most potent factors in advertising to-day. It pushes real, live, two-legged salesmen hard for first honors when it comes to selling goods, collecting money, keeping customers satisfied. It entails no hotel bills, entertainment charges, or "miscellaneous" expenses — it never pads the account.

We specialize on producing personal typewritten letters in quantities. Our letters carry all the earmarks of the work of a Class A stenographer. They bring results that tend to build business for you and for us.

There's a bare possibility that our representative might suggest an idea or two that you could use. Ask him to call and let him help you all he can.

A CITY DIRECTORY reflects the spirit and business enterprise of a town. There is no better evidence of the steady growth of Springfield than the expansion of the City Directory. The following pages tell who's who in the building line. When you contemplate breaking ground for your new building award your contracts to representative concerns, concerns who fly the flag of reliability and advertise in the Springfield City Directory.

Why Directory Advertising Pays

What Directory Advertising can do for you is best indicated by what it has done for others.

New England Audit Company write as follows:

We advertise extensively in the Springfield and other directories because experience has taught us that such advertising brings substantial results. In a profession like ours, advertising which is sought is, we believe, more effective than that which is thrust upon the prospect, and the directory seems to fill the bill.

DeForest Advertising Agency write as follows:

You will probably be interested to know that as a direct result from the first insertion of our page advertisement in the Springfield City Directory published last July, we have to date received returns that are most gratifying. A new advertiser has been developed with immense possibilities who, we believe, will eventually become one of our largest and best clients.

Kitson & Neumann, Designers and Illustrators, in a letter to us say:

Your directory is one of the few mediums from which we have been able to trace direct results. This fact is in itself argument enough to warrant its continued use by us.

Divest yourself of all prejudice and let reason rule your convictions. An advertising medium is profitable in proportion to the results it produces. We are positive directory advertising is profitable and will endeavor to prove why.

There is no infallable rule by which you can measure the relative advertising value of every publication, yet there are certain marked characteristics which all profitable mediums possess.

The merit of an advertising medium hinges on two things: Circulation and Price. The quality, quantity and permanency determine the value of Circulation. Stock, set up, and results determine Price.

The City Directory reaches the readers of all other advertising mediums. It reaches the people who read the magazines and newspapers, the people who ride on street cars and the people who see bulletin boards. It reaches the people who attend the theatre, and the busy executive who has no time for pleasure. The circulation of the City Directory cannot be measured in mere subscription alone, but estimated by the number of people it serves. For the quality of its circulation run your eye over the list of names in black face type.

The City Directory is compiled with the care few books receive. It is published annually and is therefore current for 365 days. A magazine or newspaper is read and discarded. The City Directory is on the job throughout the year and is never thrown away.

The Price for space in the City Directory is low, eighteen dollars a page for a year. The tinted, coated paper used in the advertising section costs *twice* as much as that used for magazines and *four* times that used for newspapers. In the matter of display you can have what you like, and our copy department is at your service to enable you to prepare a strong selling talk.

For eighteen dollars you buy 30 square inches of space, you receive a copy of the City Directory, your name is printed in black face type in the body of the book and in capital letters under the classified business headings followed by a reference to your advertisement.

Read the testimonial letters in the panel and we rest our case. You are to be the judge and jury. If we have convinced you, as we believe we have, that directory advertising pays, just telephone and tell us so. We understand! Yes, we will be glad to assist you in preparing copy.

MANY a manufacturer hesitates to advertise because he thinks it requires a big appropriation to make a start. This erroneous impression is holding back the development of many fine enterprises.

A small sum of money concentrated in Directory Advertising will bring you into immediate touch with concerns who are buying your kind of goods all the time.

The business men who buy and use the City Directory are the best class of people you can reach; they are able to buy what they want when they want it and the City Directory tells them where.

Take advantage of the opportunity to reach these men. Place your advertisement before the buyers of your goods.

Our representative will be glad to give particulars if you will but ask him to call.

BUSINESS MEN appreciate this fact and several have said nice things about the City Directory and the results received from their advertising in it. Read the following extract from a letter we received from the DeForest Advertising Agency: * * * As a direct result from the first insertion of our page advertisement in the Springfield City Directory published last July, we have to date received returns that are most gratifying. A new advertiser has been developed with immense possibilities who, we believe, will eventually become one of our largest and best clients.

Carpets and Rugs Cleansed and Repaired

OUR method of cleansing Oriental rugs is an original Persian process. It not only removes all dirt, dust, spots and stains, but develops a beautiful silky, glossy luster, softening and blending the colors, enhancing the true Oriental treasure.

We use the Compressed Air Process extensively in cleansing carpets. This process is scientifically adapted to cleansing floor coverings of all kinds, insuring absolutely perfect work and uniform results, restoring the colors to their original delicate shades.

Repairing receives our special attention. We weave new edges and fringes, match colors, repair moth holes with native skill. Let our representative call and examine your rugs. Estimates furnished with no obligation attached. Prompt service. No fancy charges. Send for Booklet and price list.

Insurance and Real Estate Department

REAL ESTATE that is well located increases in value as time goes on and is therefore a safe financial investment. ¶A man with an insurance policy on his life for ten, fifteen or twenty thousand dollars can feel free to try his hand at the game, for in the event of his death, his family can pay off the mortgage and maintain the home. ¶On the following pages will be found advertisments of progressive Insurance Agents and Real Estate Dealers. ¶When you are ready to take out that new policy or buy that parcel of land make use of this section of the City Directory.

THE BOOK
THAT BRINGS BUYERS
BUILDS BUSINESS

THE 1913 Directory for Springfield, West Springfield, Chicopee and Longmeadow contains approximately ninety thousand names, more than half of which are *bread-winners* in families aggregating 140,000 men, women and children.

Just pause and think! *One hundred and forty thousand* people, *all consumers,* who must have *food* to eat, *clothes* to wear and *shelter* from the weather is a market alive with possibilities and capable of intensive cultivation.

Given the name of the *head* of a family you have the key to the buying power of a *home,* putting your hand to the key it but remains for you to unlock the door.

The City Directory is a master key that unlocks the door of every home in Springfield. Having gained an entrance to the home it is up to Mr. Merchant to flood it with good advertising literature. Make the most of your opportunity! Buy a City Directory and use it to the limit.

When Measured in Dollars and Cents

Directory advertising is cheap. But when measured by results—well seven hundred odd advertisers in this year's directory ought to indicate something. Take our tip and join the crowd that measures the value of a medium with the yardstick results.

What Are You Doing Now?

WHAT'S YOUR ANSWER? Reading an advertisement in the City Directory, of course. The reason why we put that question to you is because every once in a while some otherwise good business man will tell our representative that "No one ever reads the ads in the City Directory." We have used this space just to prove the fallacy of the proposition, and cordially invite an opportunity to talk the matter over with any "Doubting Thomas."

A good advertising medium is an extra salesman for the advertiser, and a powerful one at that.

Pay us the salary you would pay a salesman and let the City Directory represent you where your goods are not selling as they should; in the towns your salesman considers not worth working. Be patient with us and watch for results. Treat us just as you would a real, live, human salesman.

We will carry your argument to people who should buy and use your goods. We will advertise you as you have never been advertised before. We will burn your trade-mark into the minds of thousands of people who can use your product. We will produce results. Perhaps slowly at first, because we are building up the business. But trade will increase as we extend our work.

Would you be interested to hear more about our plan for getting business for you? Then write.

Manufacturing Department

SPRINGFIELD products are known the world over. The following pages are an index to the wide range and variety, the kind and quality of manufactured articles produced in this great and growing city. As a distributing center for Western New England and Eastern New York, Springfield offers exceptional advantages. A live, progressive Board of Trade, a large market of skilled labor, and splendid railroad facilities insure progress, prosperity and publicity to the City of Homes. When doing business with concerns advertised in the following pages, please mention the City Directory.

The Price & Lee Co.

A Message
To Manufacturers

THE SELLING SECTION of the City Directory is to the Manufacturer what the store window is to the Merchant—a place where people **expect** you to advertise and exhibit your goods. Buyers scan this section because they want information. Intelligent people on every hand single out your advertisement and read what you have to say. As you turn these pages imagine yourself attending an exhibit of

Springfield Products

Every live manufacturer and dealer has space reserved. Through printed words and pictures he advertises the merits of his goods or service, why and how they can be of value to you.

Where can you find so many different things advertised and displayed as you do in the Selling Section of the City Directory?

Our advertisers cover every line, from trolley cars and automobiles to insurance. You'll find the largest department stores as well as the smallest specialty shop with space in the City Directory.

The City Directory gives the contents of our city between the covers of a book, easy to use, accurately compiled.

And any manufacturer who is not at present properly represented therein will do well to get in touch with our representative without delay.

Who reads the advertisements in the City Directory? — Business men—like yourself

THE advertisements is the City Directory are inserted for a purpose—to disseminate information to those who can use it. They are designed primarily to sell goods and come to the point without wordy introductions. Have you something to sell to men? If so, the City Directory is the logical medium for you to use. It will carry your message to high-calibre influential business men. Eighteen dollars buys you a page and affords you publicity of sterling character for the entire year. Your name will appear in black face type in the body of the directory and in capital letters under the business headings, followed by a reference to your advertisement. Our representative will be glad to give you particulars. . . . . .

Mercantile and Professional

[illegible]

ADVERTISING is educating the people to know who you are and where you are and what you have to sell. The Mercantile and Professional Department of the Springfield City Directory is devoted to business and professional men with genuine service to sell, men broad enough to believe in keeping their names before the public and patronizing the work of the publishers. He who consults those herein represented will confer a threefold benefit: the advertiser, the publishers and himself.

[illegible]

[illegible]

At the office—where *time saved* means *dollars earned*—the City Directory is a money maker

The City Directory should be within your arm's reach. When it is, your mind is relieved of mere detail and ready for **deep thinking**. When you need to know where Bill Smith lives, his address is at your elbow.

Turning to "Bill Smith" you find his correct name, last name, first name, and middle initial; his occupation or business, whether he boards or rooms or keeps house and where.

On the level, now, you seldom want to know much more about a man than what can be found in the City Directory, do you? Don't you consider the Directory a precious part of your office necessities?

And by the way, don't you think a book so constantly used as the City Directory a pretty good place to keep a description of your business **written up large.** We do. And if you want evidence, just say so. It's your turn to move.

When measured in dollars and cents directory advertising is cheap. But when measured by results—well, why not give our representative a hearing?

Mercantile Agencies

Collections and Credit Reports

You are not experimenting when you do business with our Company. Last year's record of 2058 checks to clients, representing thousands of old accounts turned into cold cash, proves that our system makes good.

The fact that the directors of the Springfield Credit Exchange, all prominent local business men, unanimously voted to sell the Exchange to our Company, is also another strong argument in our favor.

We ask you to consider these facts if you have any collection or credit reporting business.

Sanatorium

The Neal Treatment for the Drink Habit

RESULTS ABSOLUTELY CERTAIN

THE NEAL TREATMENT is a blessing to mankind. It has enabled many to start life anew with a good appetite, steady nerves, firm step, and new ambition. As the desire for alcohol is eliminated from the system, the patient's physical condition improves; his normal healthy color is restored; he thinks clearly, carries his head high, and looks the world in the face with a clear, bright eye. ¶ Three days is all that the NEAL TREATMENT requires to destroy the craving for drink, and eliminate the alcoholic poison from the system. In a few very unusual cases a patient has to remain a little longer.

THE NEAL TREATMENT is a course of medical treatment which antidotes the alcoholic poison and eliminates it from the system. The medicine used is a vegetable preparation which contains no narcotics or injurious drugs, and is administered by a competent physician. No hypodermics used. ¶ THE NEAL TREATMENT is indorsed everywhere by physicians, the clergy, and business men.

All dealings confidential. For further information call, write, or telephone. Our little book, "Three Days," free on application.

He who consults the City Directory does so because he wants something

It makes little difference whether the information wanted is to be found in an advertisement or not. Every advertisement in the City Directory is the representative of the concern who is responsible for it. A good representative is one who explains and understands his proposition thoroughly.

It stands to reason, that if you put some real live facts and information in your advertisement you ought to increase your returns from it. Let our representative call and explain what we can do to make your advertisement worth more to you.

Your Office

Is the "Switchboard" for Your Business

A collection of desks, files, typewriters and chairs does not necessarily make an efficient office, any more than does a conglomeration of books form a library.

Let Us Supply the Right Equipment

Save Labor ❧ Cut Expense

Appearance Is Not All

The appearance of your office should reflect the standard of your business methods. On the other hand, many offices give a fine appearance but entirely lack efficiency. We combine both appearance and efficiency.

Efficiency Counts Most

Your office should be equipped to meet the particular demands of your business. The matter of cost is not essential. The right equipment costs no more than the wrong. The main thing is to start right.

We Carry in Stock Everything Necessary for the Equipment of Any Size Business Office

Y and E Record Filing Cabinets

Thousands are now in use ranging from $2 card indexes to complete vertical files of several hundred drawers.

EDISON Dictating Machine

It cuts the present cost of your business correspondence in two. Every up-to-date office has one.

HORROCKS Desks

The standard of all office desks is measured by The Horrocks. They are made in every style and design for every business purpose.

Office Cleaning

I'm the man

who keeps your office spick and span

YOU need my services because your office, your store, reflects your personality and it should always radiate a clean, cheery, happy, healthy atmosphere. You need my services because I save you time and trouble. I work at your convenience. You need my services because I save you money. I work quietly, quickly, and efficiently. This is what I do: I wash windows, clean, scrub, mop, oil and wax floors, shine and polish brass and do whatever else is necessary. I have customers all over the city, so can readily serve you wherever you are. I work by the week, by the month or by the year. Which plan do you prefer? Schools, Churches, Public Buildings, and Private Residences receive special attention. I am the American Window Cleaning Man.

The Price & Lee Company, Publishers
279 Dwight Street Springfield, Mass.

To make advertising effective you must use a medium that reaches the people. It must also have about it the qualities that make for permanency. It must be a publication that is used from day to day—not one that is read and thrown away.

The City Directory offers prospective advertisers something besides 'teen thousand circulation—something that we alone can boast of—a publication that gets into the business man's office and stays there for one full year.

We are proud to say that it is not necessary to give a man a premium to sell him a subscription to our publication. A man buys the City Directory for the information it contains. He advertises in it because 700 merchants and manufacturers indorse its value by their own advertising; because 80% of our advertisers renew each year.

This great record is ours because we publish one medium where every concern can persistently and consistently advertise year after year and create good will as time goes on.

PROSPECTIVE advertisers can not do better than place their problems before local firms specializing on the kind of publicity in which they are particularly interested ¶ The following pages are devoted to Springfield concerns who believe in taking their own medicine. ¶ The publishers of the City Directory urge you to make full use of this section.

365 Day Publicity that Produces Patronage

PUBLICITY is the vital spark that keeps alive the public interest in a business enterprise, and the merchant or manufacturer who neglects to heed this fact is in danger of finding himself lost in a fog of oblivion.

⁂

IT HAS become worth while necessary in fact, for merchants and manufacturers alike, to keep their names before the public 365 days in the year. Through the great work carried on by advertising clubs and trade papers the public has been educated to a realization that "only reliable products can be continuously advertized."

⁂

THE PUBLIC is alive to the fact that there is a publication that carries information about every going concern in the City of Springfield; that there is only one medium the smallest shop as well as the largest plant covering acres of ground can use to exploit its products to its own pleasure and profit.

⁂

THE CITY Directory of Springfield, Massachusetts published by The Price & Lee Company, is recognized as a place where a manufacturer can persistently and consistently advertise year after year to his own advantage and create good will as time goes on.

⁂

A CASUAL examination of the Selling Section—the only show room of some of the largest manufacturers in the City of Springfield—will prove both interesting and profitable, and conclusively demonstrate the wonderful popularity of the Springfield City Directory as an advertising medium.

The Price & Lee Co.

"Apparel oft proclaims the man." A good appearance is an asset. Baggy trousers, soiled linen and dusty shoes are liabilities and should be avoided.

The following pages carry information that will be welcomed by those who take pride in their appearance.

Why not mention the City Directory when trading with advertisers?

The Price & Lee Company
279 Dwight Street

Why do I advertise in the Springfield Directory?

Here's how Frederick J. Hillman, president of the New England Audit Company, answered this question before the Associated Advertising Clubs of America at the Annual Convention in Baltimore, June 10, 1913.

I advertise in the City Directory because I have had proof that such advertising brings substantial results. In the main, results obtained from advertising, in our case, are indirect. I contend that it is impossible to have it otherwise. Perhaps some advertising expert in the audience will hold that I am wrong; if so, the burden of proof is upon him. The prospective client does not write to us stating that he saw our advertisement in the newspaper and requesting that we ship at once five hundred dollars' worth of our service. In ninety-nine cases out of a hundred, he comes to us because we have been recommended by another client, or his banker, and the one hundredth cases have, with two exceptions, come to us as a result from our directory advertising.

One of our earliest advertisements in the Springfield Directory brought to us a client who was involved in litigation in connection with the winding up of a partnership. In the beginning it looked like a comparatively small matter and as he was unacquainted with anyone in our line, he consulted the directory. The service which we rendered cost him $1,000 and resulted in a settlement of the case out of court to his entire satisfaction. This man is today a walking, talking advertisement for us and give the City Directory the credit of bringing him to us.

As a mere layman, I divide advertising into two general classes: that which is sought by the prospect and that which is thrust upon. Directory advertising is read for the information it contains.

The City Directory is a book of reference, a buyer's and seller's guide, and advertising in it reaches those who are seeking information which the advertisement should convey.

Salesmanship, Advertising, and The City Directory

SALESMANSHIP is a study in physchology. Favorable attention, interest, desire, decision and action is known as the mental law of sale. Salesmanship and advertising are half-brothers. The laws of psychology govern both. While the salesman moves one man's mind advertising moves many. Advertising multiplies the power of salesmanship and secures proportionate results.

Advertising is Salesmanship in Print

MAGAZINE and newspaper advertising is designed to create desire, and is used principally to develop demand, and they do this well. But there is one fault to be found with magazines and newspapers as advertising mediums, and that is, they seldom reach the reader at the psychological moment.

To make a sale you must not only make a man want your article; you must also make him willing to buy it. A man must first have the money and, second, be willing to spend it.

Let Us Reason Together

PICKING up one of the monthly magazines you drift to the advertising section. An advertisement catches your eye and you read. The advertisement is psychologically correct and you feel you need the advertised article, but you are not willing to spend the money for it now. Or you may be willing to spend it now, but can't spare it. So you pass on and read some of the other advertisements.

A month or so later you have the money and are ready to buy. If the advertisement was in a newspaper, a hundred chances to one, the paper has been destroyed. If the advertisement was in a magazine you may find the magazine and you may not. Perhaps it has been given away to the Salvation Army, or to a friend, or sold with some old paper to the rag man.

The Mortality of Advertising

THE newspaper has its place in every scientifically conducted advertising campaign, but is essentially a one day proposition. Magazines, as a rule, are more carefully prepared and kept longer. Like newspapers, most magazines lack an index to advertisements. Consequently, when you want to find an advertisement you read some time ago, you can't do it without paging the entire advertising section.

The Ideal Advertising Medium

THE ideal advertising medium is one that is not thrown away like a newspaper, preserved more carefully than a magazine having a quality and quantity circulation of them both.

Cost is a fair measure of quality. A one cent newspaper doesn't have the circulation of a three cent paper. A fifteen cent magazine doesn't reach the readers of the Century. A magazine doesn't have the circulation of a five dollar book.

The City Directory is a five dollar book and makes an ideal advertising medium. It is never thrown away. Its circulation cannot be reckoned in mere subscriptions alone, but estimated by the number of people it serves. It is prepared with the care of a reference book. It is an index to the city, her people, her interests. It indexes and cross indexes its advertisements. Advertisements are acccepted at eighteen dollars a page. Every order includes a copy of the directory. For further information you are invited to consult the publishers.

THE City Directory is the most effective and most economical method of reaching all the people all the time. Those who buy without looking at the classified list of those who sell do themselves great injustice. The classified lists in the Business Directory form the best Buyers' Guide on earth. A modern up-to-date method of getting what you want.
